VOLUME 4 NUMBER 135

Washington, Saturday, July 15, 1939

The President

EXECUTIVE ORDER

AUTHORIZING AND REQUESTING THE FEDERAL POWER COMMISSION TO PERFORM CERTAIN FUNCTIONS RELATING TO THE TRANSMISSION OF ELECTRIC ENERGY BETWEEN THE UNITED STATES AND FOREIGN COUNTRIES AND TO THE EXPORTATION AND IMPORTATION OF NATURAL GAS FROM AND INTO THE UNITED STATES

By virtue of the authority vested in me as President of the United States, and as an aid in effectuating the provisions of the Federal Power Act, approved August 26, 1935 (49 Stat. 838), and the Natural Gas Act, approved June 21, 1938 (52 Stat. 821), I hereby authorize and request the Federal Power Commission (1) to receive all applications for permits for the construction, operation, maintenance, or connection, at the borders of the United States, of facilities for the transmission of electric energy between the United States and foreign countries, and for the exportation and importation of natural gas to or from foreign countries, and (2), after obtaining the recommendations of the Secretary of State and the Secretary of War thereon, to submit each such application to the President with a recommendation as to whether the permit applied for should be granted, and if so, upon what terms and conditions.

The Federal Power Commission may prescribe such regulations not inconsistent herewith as it may deem necessary or desirable for carrying out the provisions of this order.

FRANKLIN D ROOSEVELT
THE WHITE HOUSE,
July 13, 1939.

[No. 8202]

EXECUTIVE ORDER

TRANSFER OF JURISDICTION OVER CERTAIN LANDS FROM THE SECRETARY OF AGRICULTURE TO THE SECRETARY OF WAR

WISCONSIN

WHEREAS certain lands within the hereinafter-described areas have been acquired, or are in process of acquisition, under the authority of the Emergency Relief Appropriation Act of 1935, approved April 8, 1935 (49 Stat. 115), in connection with the Camp McCoy, LO-WI 16, Land-Utilization and Land-Conservation Project of the Department of Agriculture, in Wisconsin; and

WHEREAS by Executive Order No. 7908, dated June 9, 1938, all the right, title, and interest of the United States in such lands, acquired or in process of acquisition, was transferred to the Secretary of Agriculture for use, administration, and disposition in accordance with the provisions of Title III of the Bankhead-Jones Farm Tenant Act, approved July 22, 1937 (50 Stat. 522, 525), and the related provisions of Title IV thereof; and immediately upon the acquisition of legal title to those lands now in process of acquisition the said order, by the terms thereof, will become applicable to all the additional right, title, and interest thereby acquired by the United States; and

WHEREAS it appears that the use of such lands as a military reservation would be in the public interest:

NOW, THEREFORE, by virtue of and pursuant to the authority vested in me by section 32 of Title III of the said Bankhead-Jones Farm Tenant Act, and upon recommendation of the Secretary of Agriculture, it is ordered that all lands within the hereinafter-described areas acquired or in process of acquisition by the United States, together with the improvements thereon, be, and they are hereby, transferred from the Secretary of Agriculture to the Secretary of War for use as a military reservation:

TITLE 7—AGRICULTURE AGRICULTURAL ADJUSTMENT ADMINISTRATION

[ACP-1938-28]

1938 AGRICULTURAL CONSERVATION PROGRAM BULLETIN

SUPPLEMENT NO. 25

Pursuant to the authority vested in the Secretary of Agriculture under sections 7 to 17 of the Soil Conservation and Domestic Allotment Act, as amended, the 1938 Agricultural Conservation Program Bulletin, as amended,¹ is hereby further amended as follows:

Paragraph 1 of Section V, A is amended to read as follows:

(1) *Cotton.* 5 cents per pound of the normal yield for the farm for each acre of cotton in excess of the cotton acreage allotment: *Provided, That* in any county where producers were unofficially notified of the approximate tilled acreage percentages to be used in computing the cotton allotments both on the basis of administrative areas in the county and on a county-wide basis, but were not officially notified of the final and correct acreage allotment until after the planting season had ended, the deduction will be made only with respect to the acreage in excess of the larger of the allotments so determined.

Done at Washington, D. C. this 14th day of July 1939. Witness my hand and the seal of the Department of Agriculture.

[SEAL]

HARRY L. BROWN,
Acting Secretary.

TITLE 10—ARMY: WAR DEPARTMENT

CHAPTER VII—PERSONNEL

PART 73—APPOINTMENT OF COMMISSIONED OFFICERS AND CHAPLAINS

Appointment of Second Lieutenants, Regular Army, in the Arms, Except the Air Corps and Corps of Engineers, From Groups 2 and 5²

§ 73.101 *Announcement of examination.* Under the provisions of section 24e, National Defense Act, as amended by section 7, of the Act approved April 3, 1939, examinations of applicants for appointment as second lieutenants in the Infantry, Cavalry, Field Artillery, Coast Artillery Corps, and Signal Corps, in accordance with the provisions of A.R. 605-5, and special conditions hereinafter set forth, will be held provided that

¹ 4 F.R. 2135 DI.

² These regulations supplement Part 73, Title 10, Code of Federal Regulations.

funds are made available under War Department appropriations, as follows:

- (a) Preliminary examinations will be completed not later than July 15, 1939.
- (b) Final examinations will be completed September 2, 1939.
- (c) Selected candidates will be commissioned about November 1, 1939. (Sec. 24e, 41 Stat. 774; as amended by sec. 7, Act of April 3, 1939) [Par. 2, A.R. 605-8, May 29, 1939]

§ 73.102 *Grades and arms.* Insofar as this examination is concerned, the appointments to be made under this authority will be limited to the filling of twenty-nine vacancies in the Infantry, Cavalry, Field Artillery, Coast Artillery Corps, and Signal Corps, Regular Army, for the fiscal year 1940. (Sec. 24e, 41 Stat. 774; as amended by sec. 7, Act of April 3, 1939) [Par. 3, A.R. 605-8, May 29, 1939]

§ 73.103 *General information relative to appointments.* The general plan to be followed in making appointments will be as prescribed in paragraph 4, A.R. 605-5, except as follows:

(a) Warrant officers and enlisted men who qualify will not be commissioned ahead of all other applicants examined at the same time but will be given the same consideration as other qualified applicants. All selections for appointment will be made as provided in section 73.12.

(b) The final examination consists of—

(1) A written examination in educational and military subjects, a moral and general fitness test, and a physical examination which will be the same for all arms.

(2) An additional written examination applicable to the arm for which the applicant is applying.

In some cases exemption from all, or a part, of the examination in educational subjects may be granted. No exemptions from military subjects will be granted. (Sec. 24e, 41 Stat. 774; as amended by sec. 7, Act of April 3, 1939) [Par. 4, A.R. 605-8, May 29, 1939]

§ 73.104 *Eligibility for appointment.* (a) In addition to the requirements contained in section II, A.R. 605-5, candidates must be single and not previously married. Candidates who have taken two written examinations for appointment in the Regular Army are ineligible to compete in subsequent examinations.

(b) In order to be eligible for appointment in the Signal Corps a candidate must be—

(1) A graduate in electrical engineering of an educational institution which maintains a four-year course in that subject and confers a bachelor degree for the successful completion thereof, or

(2) A graduate, who has majored in physics or electrical subjects, of an educational institution which maintains a four-year course and which confers a

bachelor degree based on the successful completion of the above-mentioned major subjects, or

(3) A member of the senior class of an institution described in subparagraphs (1) and (2) above, who will graduate prior to his actual appointment as second lieutenant and whose graduation will place him in one or both of the categories prescribed in subparagraphs (1) and (2) above. (Sec. 24e, 41 Stat. 774; as amended by sec. 7, Act of April 3, 1939) [Par. 5, A.R. 605-8, May 29, 1939]

§ 73.105 *Applications.* Candidates will submit applications in accordance with section III, A. R. 605-5, not later than June 20, 1939. These applications will be accompanied by a recent photograph approximately 3 inches by 5 inches in size. Each applicant will be required to confine his preference to one of the arms in which appointments are to be made as a result of the examination, and will be examined for appointment only in the arm for which he expresses a preference. (Sec. 24e, 41 Stat. 774; as amended by sec. 7, Act of April 3, 1939) [Par. 6, A.R. 605-8, May 29, 1939]

§ 73.106 *Preliminary examination.* This examination will be conducted in accordance with the provisions of section IV, A.R. 605-5, except the medical member, if there is one, will not be excused from further participation in the proceedings of the board until completion of the determination as to moral character and general fitness. (Sec. 24e, 41 Stat. 774; as amended by sec. 7, Act of April 3, 1939) [Par. 7, A.R. 605-8, May 29, 1939]

§ 73.107 *Final examination.* This examination will be conducted in accordance with section V, A.R. 605-5, except as provided below:

(a) The examination for moral character and general fitness will be conducted by the entire board. The board will rate each candidate as indicated on the General Fitness Report which will be furnished to corps area commanders for distribution to the examining boards.

To qualify in the moral character and general fitness examination for appointment, candidates will be required to attain a rating of satisfactory in moral character and not less than 240 points in the general fitness test.

(b) *Mental examination.* (1) The mental examination is divided into part I, which consists of educational subjects, and part II, which consists of military subjects. Each candidate is required to qualify either by examination or by an approved exemption in six subjects of part I. Each candidate is required to qualify by examination in all subjects of part II. Examinations will be written, and the candidate will certify on each examination paper that he has received or given no unauthorized assistance during the examination. Questions will be prepared and marks awarded by the War Department. Examination in any subject will be taken simultane-

ously by all candidates before any board. Reexaminations will not be permitted.

(2) *Part I.* Part I of the mental examination is designed to determine whether or not those candidates who are not graduates from a recognized college or university possess the educational requirements of an officer of the Regular Army. To qualify mentally for appointment, all candidates who are required to undergo part I of the examination must attain a general average of 75 percent on the entire part and a grade of not less than 65 percent in each subject. The subjects are divided into three groups as follows:

(i) *Group A.*

English rhetoric, composition, and literature.

History of modern Europe or history of the United States (choice of one).

General mathematics.

(ii) *Group B.*

Calculus.

Physics.

Chemistry.

Electricity.

Surveying.

Civil engineering.

Mechanical engineering.

(iii) *Group C.*

French.

Spanish.

Economics.

Political science.

Examinations must be taken in six different subjects, to be selected in the following manner: Unless exempted, all of group A must be taken with the choice of history indicated in (i) above, and three examinations are to be selected from groups B and C, provided that one must be selected from group B, one from group C, and the third from either group B or C.

(3) *Part II—(1) General duties of board.* The examination in part I having been completed, the qualifications of the candidate for appointment in the arm of his choice will be determined. The final examining board will require the candidate to file suitable evidence of his qualifications, including certified reports from colleges, universities, schools, or from Reserve Officers' Training Corps units. The board will conduct the special examinations prescribed in this subparagraph.

(ii) *Evidence of qualifications.* Every candidate will be informed that from the evidence submitted by him as required by (i) above, the chief of an arm must determine whether or not the candidate is suitable for appointment in that arm. The burden of submitting satisfactory evidence rests upon the candidate. Reports covering education should show the date of graduation, the courses satisfactorily completed, class standing, and such other information as will express the estimate that proper school authorities have formed of the student and his work. Any special military or civil expe-

rience qualifying for any arm should be stated.

(iii) *Infantry, Cavalry, Field Artillery, Coast Artillery Corps, and Signal Corps.* Each candidate for appointment in these arms will be required to take an examination in each of the subjects listed below. These examinations will be based on the texts prescribed for the 10-series of the Army Extension Courses for the arms indicated above.

Organization of the Army.

Administration.

Military law—the law of military offenses.

Military discipline, courtesies, and customs of the service.

Interior guard duty.

Maps and serial photograph reading.

Military sanitation and first aid.

Organization of the arm in which the candidate is competing for appointment.

(iv) To qualify mentally for appointment, all candidates will be required to attain a grade of not less than 50 percent in every subject in which examined in part II of the examination.

(c) *Exemptions.* (1) An arbitrary grade of 80 percent will be awarded in any subject in which advantage of exemption is taken.

(2) *Part I.* All exemptions from a subject or subjects of part I which are approved by corps area commanders will be recognized by the final board. The following exemptions are authorized:

(i) *From all subjects of part I.* Graduates of or members of the senior class in good standing who will graduate during the current academic year from recognized colleges and universities. The exemptions will be granted only upon submission by the candidate of satisfactory evidence to substantiate the claim.

(ii) *From individual subjects.* Exemption in a subject will be granted to persons who are not college graduates but who have attended a recognized college or university, only on satisfactory evidence from school records submitted by the candidate, showing qualification under school requirements in the subjects of part I, from which exemptions are requested.

The burden of submitting satisfactory evidence to substantiate the fulfillment of the conditions in (i) and (ii) above rests upon the candidate and will be submitted by him to the examining board prior to or upon reporting for the preliminary examination. A certified transcript of graduation record and class standing will serve to support condition in (i) above.

(3) *Part II.* No exemptions will be granted. (Sec. 24e, 41 Stat. 774; as amended by sec. 7, Act of April 3, 1939) [Par. 8, A.R. 605-8, May 29, 1939]

§ 73.108 *General scope of subjects of examination—(a) Part I—(1) English rhetoric, composition, and literature.*

The examination will require a thorough knowledge of the basic rules of rhetoric and their application, a knowledge of the meaning of words, familiarity with the rules of composition showing the ability to write a clear and well-organized theme, and general knowledge of the principal periods of American and English literature, together with familiarity with the principal writers of each period and their important works. The scope of the examination will be that covered in rhetoric and composition by Wooley and Scott's "College Handbook," or equivalent, and in literature by Long's "English Literature" and Pancoast's "Introduction to American Literature," or equivalents.

(2) *History of modern Europe.* The examination will require a knowledge of facts of modern European history from the Reformation to the present day, and the ability to analyze and interpret outstanding trends and developments—political, social, and economic—in that period. The scope will be that covered by Hayes' "Political and Cultural History of Modern Europe," Vols. I and II, or equivalent.

(3) *History of the United States.* The examination will cover the political, economic, social, and military developments of the United States from 1492 to the present, as presented in Muzzey's "United States of America," Revised Edition, 1933, Vols. I and II, or equivalent.

(4) *General mathematics.* The examination will require a thorough knowledge of algebra as covered by W. L. Hart's "College Algebra" or equivalent, together with a working knowledge of the principles of geometry and trigonometry as covered by Philipps and Fisher's "Elements of Geometry" and W. L. Hart's "Plane Trigonometry," or equivalents.

(5) *Calculus.* The examination will require a knowledge of calculus as covered by Woods and Bailey's "Elementary Calculus," or equivalent.

(6) *Physics.* The examination will require a knowledge of physics as covered by Duff's "College Physics," or equivalent.

(7) *Chemistry.* The scope of this examination will be that of a final examination in this subject given by recognized colleges and technical schools at the end of sophomore or junior years in the scientific courses. The scope will be as covered in Alexander Smith's "College Chemistry" (Kendall), or equivalent.

(8) *Electricity.* The scope of this examination will be that of a final examination in this subject given by recognized colleges and technical schools at the end of the sophomore or junior years in the scientific courses. The scope of the subject will be as covered by Chester L. Dawes' "Electrical Engineering," Vol. I (Direct Currents), and by the first and second chapters only of Chester L. Dawes' "Electrical Engineering," Vol. II

(Single Phase Alternating Currents), or equivalents.

(9) *Surveying.* The examination will cover the principles of plane, geodetic, and aerial photographic surveying and their application, and will require a knowledge of the following:

(i) Instruments, their adjustments and uses.

(ii) Plane surveying to include methods of computing areas of limited boundaries and volumes of irregular shape, and topographic surveying mapping.

(iii) Geodetic surveying.

Field astronomy, method of determining time, latitude, longitude, and azimuth.

Triangulation, field work, computations and adjustments.

Trigonometric and precise spirit leveling.

Projection of maps, especially polyconic projection.

(iv) Aerial surveys.

The examination may include an application of the above knowledge to the solution of problems in which the required forms, formulas, and tables will be furnished the candidate for use during the solution of the problems. The extent of the knowledge required will conform to the contents of Davis, Foote and Rayner's "Surveying, Theory and Practice" (latest edition), or equivalent.

(10) *Civil engineering.* Theory and practice of engineering construction, including buildings, highways, retaining walls, dams, foundations, water-supply and sewerage systems and materials of construction (equivalent to that covered by Mitchell's "Civil Engineering," Baker's "Treatise on Masonry Construction" (tenth edition), Spofford's "Theory of Structures," Merriman's "Elements of Sanitary Engineering," and Johnson's "Materials of Construction").

(11) *Mechanical engineering.* This examination will require a knowledge of—

(i) Advanced mechanics, and

(ii) A knowledge of either—

Hydraulics, or

Thermodynamics, such as is required in the final examination in each subject as given by recognized colleges and technical schools at the end of the sophomore or junior years, in the scientific courses and as covered by recognized standard textbooks such as the following:

For advanced mechanics: Seely and Ensign's "Analytical Mechanics for Engineers," latest edition; Maurer and Roark's "Technical Mechanics," latest edition; Frank L. Brown's "Engineering Mechanics," latest edition.

For hydraulics: Russell's "Textbook on Hydraulics," latest edition; Daugherty's "Hydraulics," latest edition; Kind and Wisler's "Hydraulics," latest edition; Hughes and Safford's "Hydraulics," latest edition; Schoder and Dawson's "Hydraulics," latest edition.

For thermodynamics: Meyer, Calderwood and Potter's "Elements of Engineering Thermodynamics," latest edition; William D. Ennis' "Thermodynamics Abridged," latest edition; V. W. and G. A. Young's "Elementary Engineering Thermodynamics," latest edition.

(12) *French.* The examination will require a knowledge of vocabulary, verb, grammar, composition, and idiomatic expression as covered in Morrison and Gauthier's "A French Grammar" and Martin and Russell's "At West Point" or any other recognized textbooks of similar scope of the grammar and composition of the French language.

(13) *Spanish.* The examination will require a knowledge of vocabulary, verb, grammar, composition, and idiomatic expression as covered in Torres' "Essentials of Spanish" and Seymour and Carnahan's "Short Spanish Review Grammar" or any other recognized textbooks of similar scope on the grammar and composition of the Spanish language.

(14) *Economics.* The scope of this examination will be equivalent to that given as a final examination in recognized colleges at the end of a year's course in elementary economics, including—

(i) The economic organization of modern society, with special reference to the United States.

(ii) A consideration of the part which money and credit play in the operation of this organization. Textbooks: Fairchild, Furniss, and Buck's "Elementary Economics," or equivalent.

(15) *Political science.* The scope of this examination will cover a survey of—

(i) Political forms from the prehistoric era to the present.

(ii) Political systems extant today.

(iii) An analysis of the organization and operation of Government in the United States. The scope will be that covered by Maxey's "The American Problem of Government," or equivalent.

(b) *Part II.* Subjects for candidates for appointment in the Infantry, Cavalry, Field Artillery, Coast Artillery Corps, and Signal Corps are as follows:

(1) *Organization of the Army.* The scope of the examination will be similar to that covered in Subcourse 10-1 (Common Subcourse No. 17) (Text 627). It includes general information about the composition of the Army of the United States and its territorial organization in peace and war; the general features of division, corps, and field army organization; a general picture of the military system of command and staff.

(2) *Administration.* The scope of the examination will be similar to that covered in Subcourse 10-3 (Common Subcourse No. 1) (Text 401). It includes company administration to include military correspondence; penalty envelopes and labels; use of the mails; and daily company reports.

(3) *Military law—The law of military offenses.* The scope of the examination will be similar to that covered in Subcourse 10-4 (Common Subcourse No. 14) (Texts 371 and 421). It includes the elementary principles of criminal law with particular reference to the crimes and offenses denounced by the punitive Articles of War.

(4) *Military discipline, courtesies, and customs of the service.* The scope of the examination will be similar to that covered in Subcourse 10-5 (Common Subcourse No. 12) (Texts 127 and 418). It includes the essentials of military discipline, courtesies, and customs of the service.

(5) *Interior guard duty.* The scope of the examination will be similar to that covered in Subcourse 10-6 (Common Subcourse No. 10) (Text 423). It includes the duties of officers in the conduct of an interior guard.

(6) *Map and aerial photograph reading.* The scope of the examination will be similar to that covered in Subcourse 10-7 (Common Subcourse No. 11) (Texts 206, 919, 978, 985, and 1011). It includes, in map reading, orientation; direction; distances, vertical and horizontal; slope; visibility; conventional signs; and coordinates of maps; and in aerial photograph reading, elementary interpretation; orientation; scales, distances; and the appearance of natural and artificial features in aerial photographs.

(7) *Military sanitation and first aid.* The scope of the examination will be similar to that covered in Subcourse 10-8 (Common Subcourse No. 15) (Text 419). It includes elementary sanitation with special reference to the protection and maintenance of the health and physical efficiency of personnel; and first-aid procedure.

(8) *Organization of the arm in which the candidate is competing for examination as follows:*

(i) *Infantry.* The scope of the examination will be similar to that covered in Subcourse 10-2 (Text 405) which includes a general knowledge of the organization of the Army, together with a detailed outline of the organization and equipment of infantry units.

(ii) *Cavalry.* The scope of the examination will be similar to that covered in Subcourse 10-2 (Text 859a), which includes the organization of cavalry units, beginning with the squad, to include a

brief study of the organization of the cavalry regiment, both horse and mechanized.

(iii) *Field Artillery.* The scope of the examination will be similar to that covered in Subcourse 10-2 (Texts 745a and 745b), which includes a general outline of the higher echelons of field artillery; a detailed treatment of the organization of field artillery within the regiment; characteristics of field artillery weapons.

(iv) *Coast Artillery Corps.* The scope of the examination will be similar to that covered in Subcourse 10-2 (Text 429), which includes general artillery organization and organization of elements and units manned and serviced by coast artillery troops.

(v) *Signal Corps.* The scope of the examination will be similar to that covered in Subcourse 10-2 (Text 564), which includes the knowledge of Signal Corps units considered essential for junior officers of the Signal Corps; the organization and mission of the infantry division signal company and cavalry division signal troop. (Sec. 24e, 41 Stat. 774; as amended by sec. 7, Act of April 3, 1939) [Par. 9, A.R. 605-8, May 29, 1939, as amended by C 1, June 14, 1939]

§ 73.109 *Selection, order of merit, and assignment of appointees—(a) Notification of acceptance or rejection.* Examination papers will be marked as indicated in sections 73.110 and 73.111. Appointees will be selected by the War Department. This work will be expedited as much as circumstances permit, and candidates will be notified, as early as practicable, of their acceptance or rejection. Prior to such notification, no information will be given concerning candidates under consideration.

(b) *Qualifying marks required on final examinations.* As prescribed in paragraphs (a), (b) (2) and (3) (iv), section 73.107. (Sec. 24e, 41 Stat. 774; as amended by sec. 7, Act of April 3, 1939) [Par. 10, A.R. 605-8, May 29, 1939]

§ 73.110 *Preparation of final examinations, and correction of examination papers.* Final examinations will be prepared and examination papers will be corrected as follows:

(a) *Part I.* Under direction of the Superintendent, United States Military Academy.

(b) *Part II.*

Subject	Under direction of
Organization of the Army	Command and General Staff School
Administration	The Adjutant General
Military law	The Judge Advocate General
Military discipline, courtesies, and customs of the service	Chief of Cavalry
Interior guard duty	Chief of Infantry
Map and aerial photograph reading	Chief of Engineers
Military sanitation and first aid	The Surgeon General
Organization of the Infantry	Chief of Infantry
Organization of the Cavalry	Chief of Cavalry
Organization of the Field Artillery	Chief of Field Artillery
Organization of the Coast Artillery Corps	Chief of Coast Artillery Corps
Signal Corps organization	Chief Signal Officer.

(c) *Physical examination.* Physical examination report will be reviewed by The Surgeon General and recommendation will be made by him in each case as to physical eligibility of candidates. (Sec. 24e, 41 Stat. 774; as amended by sec. 7, Act of April 3, 1939) [Par. 11, A.R. 605-8, May 29, 1939]

§ 73.111 *Weights of parts of examination.* (a) Part I will be given no weight other than to determine whether the candidate has or has not the general education required of an officer in the Regular Army.

(b) The number of points, in weight, allotted to each subject in part II will be as follows for candidates for appointment in the Infantry, Cavalry, Field Artillery, Coast Artillery Corps, and Signal Corps:

Subject	Weight
Organization of the Army	100
Administration	100
Military law	100
Military discipline, courtesies, and customs of the service	100
Interior guard duty	100
Map and aerial photograph reading	100
Military sanitation and first aid	100
Organization of the Infantry	100
Organization of the Cavalry	
Organization of the Field Artillery	
Organization of the Coast Artillery Corps	
Signal Corps organization	100
Total	800

(c) The number of points, in weight, allotted to each subject in the moral character and general fitness test will be as follows:

(1) *Moral character test.* The moral character test will be given no weight other than to determine whether the candidate is qualified or disqualified morally for appointment in the Regular Army.

(2) *General fitness test.*

Subject	Weight
Personality	60
Personal appearance	30
Demeanor	10
Voice	10
Bearing	10
Neatness	10
Civil experience	20
Mental alertness	60
Energy	10
Self confidence	10
Dependability	20
Tact	10
Force	30
Leadership	60
Cooperation	20
Knowledge of current problems in United States and abroad	30
Total	400

Unfavorable physical or mental traits in addition to those indicated above which, in the opinion of the board, would detract from the value of the candidate to the arm of the military service in which he seeks appointment—maximum deduction permitted by board

(Sec. 24e, 41 Stat. 774; as amended by sec. 7, Act of April 3, 1939) [Par. 12, A.R. 605-8, May 29, 1939]

§ 73.112 *Determination of successful candidates.* Selection of the successful candidates for appointment from among those eligible and qualified morally and physically for appointment will be determined as follows:

(a) The final grade (figure of merit) of each candidate will be determined by adding the grade attained on part II of the mental examination to the grade attained on the general fitness test.

(b) Candidates will be selected for appointment in each arm in which appointments are to be made, in accordance with quotas established by the Secretary of War and in the relative order of their final grades, determined as indicated in paragraph (a) above, beginning with the highest in each arm. (Sec. 24e, 41 Stat. 774; as amended by sec. 7, Act of April 3, 1939) [Par. 13, A.R. 605-8, May 29, 1939]

§ 73.113 *Recommendations of chiefs of arms.* The complete examination report on each candidate will, after marks have been awarded, be referred to the chief of arm in which the candidate has expressed a choice for appointment. Each such chief will convene a board to consider the complete examination report and any War Department records of the candidate. Based upon such consideration, the chief of the arm will either approve or disapprove appointment in his arm. In case of disapproval, reasons fully establishing the propriety thereof will be stated by the disapproving office. (Sec. 24e, 41 Stat. 774; as amended by sec. 7, Act of April 3, 1939) [Par. 14, A.R. 605-8, May 29, 1939]

§ 73.114 *Selection board.* (a) There will be appointed by War Department confidential orders a selection board to consist of one officer of the Adjutant General's Department and two other officers to be drawn by lot from among the arms, other than the Air Corps and Corps of Engineers.

(b) There will be transmitted to this board—

(1) Original application of candidate.
(2) Reports of preliminary and final examining boards, including—

(i) Evidence of exemption from part I, if candidate has been exempted.
(ii) Reports of physical examination.

(3) Marked examination papers.
(4) Recommendation of The Surgeon General as to physical qualification of candidates.

(5) Reports on moral and general fitness tests as provided for elsewhere.

(6) Recommendations of chiefs of arms concerned.

(c) The board will select the successful candidates in accordance with the provisions of these regulations and will forward its report in quadruplicate to the War Department. The report will in-

clude the lists provided for in section 73.115. (Sec. 24e, 41 Stat. 774; as amended by sec. 7, Act of April 3, 1939) [Par. 15, A.R. 605-8, May 29, 1939]

§ 73.115 *Lists of selected and rejected candidates; order on promotion list.* (a) Selections having been completed, the selection board will prepare lists of selected and rejected candidates as follows:

(1) Selected candidates by arm in order of relative merit based on general fitness rating and standing on part II of the final examination.

(2) Rejected candidates in the various categories grouped as to cause for rejection.

(3) List of candidates who, while otherwise qualified, must be rejected because of lack of vacancies for appointment. This list will group the individuals by arm and service, showing for each candidate his relative position in accordance with his figure of merit.

(b) In the case of each rejected candidate, the specific reason for rejection will be stated.

(c) Appointees will be placed on the promotion list in order of merit based on general fitness rating and standing on part II of the final examination. (Sec. 24e, 41 Stat. 774; as amended by sec. 7, Act of April 3, 1939) [Par. 16, A.R. 605-8, May 29, 1939]

§ 73.116 *Appointment; notification of rejection.* When the selecting board has completed its duties, appointments will be tendered and rejected applicants will be notified of rejection. Appointees will be given a reasonable time to accept appointments. (Sec. 24e, 41 Stat. 774; as amended by sec. 7, Act of Apr. 3, 1939) [Par. 17, A.R. 605-8, May 29, 1939]

TITLE 18—CONSERVATION OF POWER FEDERAL POWER COMMISSION

[Order No. 42-A]

PREScribing ACCOUNTING WITH RESPECT TO ELECTRIC PLANT ACQUISITION ADJUSTMENTS ACCOUNTS

JULY 11, 1939.

Commissioners: Clyde L. Seavey, Chairman; Basil Manly, Leland Olds, John W. Scott. Claude L. Draper, not participating.

The Commission, having under consideration the matter of uniform systems of accounts, particularly the text of the account entitled "Electric Plant Acquisition Adjustments" of the Commission's Uniform System of Accounts prescribed for Public Utilities and Licensees by or-

ders of the Commission adopted June 16, 1936 and December 31, 1936; and

It appearing to the Commission that:

(a) Electric Plant Accounts Instruction 2-A of the said Uniform System of Accounts provides that each utility¹ shall classify its electric plant in accordance with the Electric Plant Accounts as prescribed in said Uniform System of Accounts;

(b) Instruction 2-C of said Electric Plant Accounts provides that the detailed Electric Plant Accounts of each utility shall be stated on the basis of cost to the utility of electric plant constructed by it and on the basis of original cost, estimated if not known, of electric plant acquired by it as an operating unit or system; and further, that the difference between the original cost as above, and the cost to the utility of electric plant includible in Accounts 100.1 to 100.4, inclusive, for Class A and B Utilities (or Accounts 1100.1 and 1100.3 for Class C Utilities and Accounts 2100.1 and 2100.3 for Class D Utilities), after giving effect to any depreciation or amortization recorded by the accounting utility at the time of acquisition, shall be recorded in Electric Plant Acquisition Adjustments Account;

(c) Subdivision C of Electric Plant Acquisition Adjustments Account provides as follows:

The amounts recorded in this account with respect to each property acquisition shall be depreciated, amortized, or otherwise disposed of, as the Commission may approve or direct.

The Commission finds that:

(1) Studies of original cost, as provided for in paragraph (a) above, are being completed by utilities and amounts entered in the appropriate primary Electric Plant Accounts in accordance with Instruction 2-C above referred to, or will be so entered in said accounts in the near future;

(2) It is appropriate to consider the matter of disposition of such amounts as may be lodged in said Electric Plant Acquisition Adjustments Accounts; and

The Commission orders that:

(A) Debit amounts in an Electric Plant Acquisition Adjustments Account may be charged to Earned Surplus in whole or in part, or may be amortized over a reasonable period by charges to Miscellaneous Amortization without further order of the Commission;

(B) Should a utility desire to account for debit amounts in an Electric Plant Acquisition Adjustments Account in any manner different from that indicated in (A) above, it shall petition the Commission for authority to do so;

¹ The term "utility" as used herein means any public utility or licensee to which the Commission's Uniform System of Accounts is applicable.

(C) Debit balances shall not be determined by application of credit amounts thereto;

(D) Credit amounts in an Electric Plant Acquisition Adjustments Account shall be accounted for as directed by the Commission;

(E) Where a utility subject to both Federal and State regulations, petitions the Commission in accordance with paragraph (B) above, the cooperative procedure heretofore adopted between Federal and State Commission shall be invoked;

(F) Disposition of amounts in Electric Plant Acquisition Adjustments Accounts, as above directed, is for accounting purposes only and such disposition shall not be construed as determining or controlling the consideration to be accorded these items in rate or other proceedings, nor shall anything contained herein prevent the Commission from subsequently ordering the amounts to be charged directly to surplus or from modifying the adopted amortization period.

By the Commission.

TITLE 24—HOUSING CREDIT FEDERAL HOME LOAN BANK BOARD

AMENDMENT TO RULES AND REGULATIONS FOR THE FEDERAL SAVINGS AND LOAN SYSTEM

PROVIDING A METHOD FOR CREDITING VOLUNTARY RETIREMENTS OF INVESTMENTS IN FEDERAL SAVINGS AND LOAN ASSOCIATIONS BY THE SECRETARY OF THE TREASURY AND HOME OWNERS' LOAN CORPORATION.

Be it resolved, That subsection (d) of Section 203.8 of the Rules and Regulations for the Federal Savings and Loan System is amended, effective July 14, 1939, to read as follows:

"(d) *Retirement of investments by the Secretary of the Treasury or Home Owners' Loan Corporation.* Retirement of investments by the Secretary of the Treasury or by Home Owners' Loan Corporation in Federal associations may be effected in accordance with procedure and using forms approved by the Board, which procedure and forms may be obtained from the Federal home loan bank of which the Federal association is a member. No request for the privilege of retiring investments by the Secretary of the Treasury will be approved by the Board unless such request is received by the Board at its office in Washington, D. C. within 30 days subsequent to the

last preceding dividend date, accompanied by a check, postal money order, or bank draft in the amount of the investment sought to be retired, together with any dividends declared but unpaid, on such investment to the last preceding dividend date. Any Federal association may request from time to time the voluntary repurchase of investments by the Secretary of the Treasury and by Home Owners' Loan Corporation in the same order as applications for repurchase of such investments may be made by the Secretary of the Treasury and Home Owners' Loan Corporation under subsection (j) of Section 5 and subsection (n) of Section 4 of Home Owners' Loan Act of 1933, as amended, so that all such voluntary repurchases shall be in direct anticipation of applications for repurchase which the Secretary of the Treasury or Home Owners' Loan Corporation is permitted by law to make."

(Sec. 5 (a) of H.O.L.A. of 1933, 48 Stat. 132, Sec. 5 (j) of H.O.L.A. of 1933, as added by Sec. 5, 48 Stat. 645, Sec. 4 (n) of H.O.L.A. of 1933, as added by Sec. 17 (a), 49 Stat. 297; 12 U.S.C. 1464 (a), (j), 12 U.S.C., Sup., 1463 (n)).

Be it further resolved, That this amendment is deemed to be of a procedural character within the provisions of subsection (c) of Section 201.2 of the Rules and Regulations for the Federal Savings and Loan System.

Adopted by the Federal Home Loan Bank Board on July 13, 1939.

AMENDMENT TO RULES AND REGULATIONS FOR INVESTMENT BY HOME OWNERS' LOAN CORPORATION IN SECURITIES OF SAVINGS AND LOAN ASSOCIATIONS

PROVIDING A METHOD FOR CREDITING VOLUNTARY RETIREMENTS OF INVESTMENTS IN SAVINGS AND LOAN ASSOCIATIONS BY HOME OWNERS' LOAN CORPORATION

Be it resolved, That paragraph (c) of Section 58 of the Rules and Regulations for Investment by Home Owners' Loan Corporation in Securities of Savings and Loan Associations is repealed, effective July 14, 1939, and paragraph (b) of said Rules and Regulations is amended, effective July 14, 1939, to read as follows:

"(b) Any institution may request the voluntary retirement of investments held by the Home Owners' Loan Corporation in the same order as applications for retirement of such investments may be made by the Home Owners' Loan Corporation under subsection (n) of Section 4 and subsection (j) of Section 5 of Home Owners' Loan Act of 1933, as

amended, so that all such voluntary retirements shall be in direct anticipation of applications for retirement which the Home Owners' Loan Corporation is permitted by law to make."

(Sec 4 (k) of H.O.L.A. of 1933, 48 Stat. 132, Sec. 4 (n) of H.O.L.A. of 1933, as added by Sec. 17 (a), 49 Stat. 297; Sec. 5 (j) of H.O.L.A. of 1933, as added by Sec. 5, 48 Stat. 645; 12 U.S.C. 1463 (k), 1464 (j), 12 U.S.C., Sup., 1463 (n))

Adopted by the Federal Home Loan Bank Board on July 13, 1939.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

WAR DEPARTMENT

CHAPTER II—RULES RELATING TO NAVIGABLE WATERS

PART 203—BRIDGE REGULATIONS

§ 203.710 *State of California; bridge regulations for all navigable waterways of the United States within California, including San Francisco Bay and connected bays and river systems tributary thereto.* Paragraph (b) of the rules and regulations to govern the operation of the drawbridges crossing all navigable waterways of the United States within the State of California approved March 4, 1936, is hereby amended by inserting the following subparagraph:

(14) *Petaluma Creek—Northwestern Pacific Bridge at Black Point.* (i) The owner of, or agency controlling, this bridge will not be required to keep a draw tender in constant attendance except when the swing span remains closed for the passage of railroad traffic. At all other times the swing span may remain in open position and unattended.

(ii) During foggy weather a bell shall be tolled continuously when the swing span is in open position. (Sec. 5, River and Harbor Act, Aug. 18, 1894, 28 Stat. 362; 33 U.S.C. 499) [Regs., Mar. 4, 1936 (E.D. 6374-343/2) * * * as amended June 27, 1939 (E.D. 6371 (Northwestern Pacific R. R. Co.-Petaluma Creek-Black Point, Calif.)-1/4)]

[SEAL] E. S. ADAMS,
Major General,
The Adjutant General.

[F. R. Doc. 39-2545; Filed, July 14, 1939;
9:31 a. m.]

¹ These regulations are supplementary to Title 33, Chapter II, Part 203, of the Code of Federal Regulations.

TITLE 45—PUBLIC WELFARE

CIVILIAN CONSERVATION CORPS

PART 203—ENROLLMENT, DISCHARGE, HOSPITALIZATION, DEATH AND BURIAL OF ENROLLEES¹

§ 203.2 *Classes of enrollees—(a) Juniors.* Except as prescribed in paragraph (b) below, the office of the Director, Civilian Conservation Corps, through its State selecting agencies, selects for enrollment as juniors unmarried male citizens of the United States between the ages of 17 and 23, both inclusive, who are unemployed and in need of employment.

(50 Stat. 319) [Par. 18a, C.C.C. Regs., W.D., Dec. 1, 1937; amended by C 30, July 5, 1939]

§ 203.3 *Eligibility for selection and reselection—(a) Selection—(1) Function of the selecting agencies.* Selection and reselection of enrollees are the responsibilities of the State selecting agencies. Junior and veteran applicants are selected and certified to the War Department under definite policies as to eligibility approved by the Director, Civilian Conservation Corps, and duly announced to their respective field agents by the Federal agencies concerned. Men so selected and certified will present properly executed application forms duly signed by the authorized selecting agents of the Director, Civilian Conservation Corps, or the Veterans Administration, as the case may be. The War Department does not participate in selection or reselection.

(2) The following classes of persons are excluded from selection and enrollment:

(i) Those who have been previously dishonorably or administratively discharged.

(ii) Those who have been convicted by a civil or military court of an offense which may be punished by death or imprisonment for a term exceeding 1 year.

(iii) Those serving a current term of probation or parole by reason of a sentence of a criminal court because of the commission of any crime or misdemeanor.

(iv) Civil law enforcement officers such as justices of the peace, sheriffs, game wardens, and their deputies.

(v) Members of the National Guard of a State, a territory, or the District of Columbia.

¹ These regulations amend the indicated sections and paragraphs of Title 45, of the Code of Federal Regulations.

(vi) Unworthy enrollees.

(50 Stat. 319) [Par. 19a, C.C.C. Regs., W.D., Dec. 1, 1937; amended by C 30, July 5, 1939]

§ 203.10 *Allotments and deposits.* Whenever "State selecting agency" is used in this section, the State Director of Selection representing the Director, Civilian Conservation Corps, in the State, of the senior representative of the Veterans Administration in the region, concerned with enrollments, is intended.

(b) *Changes or termination.* (1) Subsequent to the certification of an allotment or deposit by the State selecting agency the designated allottee will not be subject to change, and the allotment will not be subject to reduction or cancellation, except upon approval by the State selecting agency. For stoppages of allotment or deposit upon final payment see section 203.16. Should the corps area commander not concur in the action taken by the State selecting agency, the matter will be referred to the office of the Director, Civilian Conservation Corps, or the Veterans Administration through the normal channels of command. The decision of the Director, Civilian Conservation Corps, or the Veterans Administration will be final. (See par. (g) below.) Request for change of allotment may be initiated either by the enrollee or the State selecting agency.

(50 Stat. 319) [Pars. 36a (2) and c (1), C.C.C. Regs., W.D., Dec. 1, 1937; amended by C 30, July 5, 1939]

§ 203.18 *Transportation and travel allowances.*

(b) *Transportation in kind from places of discharge—(1) Juniors.* Subject to subparagraphs (4), (5), (6), and (7) below and to subparagraph (3), paragraph (e), Section 203.21, to places of selection by the State selecting agency or to their homes if the distance thereto is equal to or shorter than that to the places of selection, irrespective of the factors which caused discharge, or to places nearer than to places of selection or their homes.

(50 Stat. 319) [Par. 66b (4) (a), C.C.C. Regs., W.D., Dec. 1, 1937; amended by C 30, July 5, 1939]

Notices

DEPARTMENT OF THE INTERIOR.

National Bituminous Coal Commission.

[General Docket No. 15]

IN THE MATTER OF THE ESTABLISHMENT OF MINIMUM PRICES AND MARKETING RULES AND REGULATIONS: IN RE MINIMUM PRICE AS COORDINATED FOR DISTRICTS NOS. 9, 10, 11, 12, 13, 14 AND 15

AN ORDER FOR AND NOTICE OF FINAL HEARING IN THE MATTER OF THE ESTABLISHMENT OF MINIMUM PRICES FOR THE COALS PRODUCED IN DISTRICTS NOS. 9, 10, 11, 12, 13, 14 AND 15

[The Order for and Notice of Final Hearing and the schedules of proposed coordinated minimum prices for Districts Nos. 9 and 10 appeared in the FEDERAL REGISTER for Thursday, July 13, 1939. The schedules of proposed coordinated minimum prices for Districts Nos. 11 and 12 appeared in the FEDERAL REGISTER for Friday, July 14, 1939.]

SCHEDULE OF PROPOSED COORDINATED MINIMUM PRICES FOR DISTRICT NO. 13

FOR ALL SHIPMENTS EXCEPT TRUCK

Price Instructions and Exceptions Applicable to Mines in Subdistrict No. 1

Item No. 1. The prices published herein are in cents per net ton of 2,000 pounds and apply f. o. b. transportation facilities at mines on all coal produced by code members at mines located in the district shown on the title page hereof.

Item No. 2. The prices published in this schedule are subject to the established Marketing Rules and Regulations and the rules and regulations governing distributors.

Item No. 3. All prices shown herein are for payment in United States funds.

Item No. 4. All size designations are for round hole screens. When screens having other types of openings are used and the percentage of over-size, as determined in accordance with the method of test prescribed by A.S.T.M. designation D 410-38 exceeds 5%, the price for the next higher size group classification for that mine shall apply.

Item No. 5. The prices herein established for mines shipping by railways shall be applicable to all coal shipped by conveyances other than trucks or wagons.

Item No. 6. Railway locomotive fuel prices designated on page 37 shall not be used in the sale of coal to railways other than those recognized as common carriers by the Interstate Commerce Commission or by the Canadian Railways Commission.

Item No. 7. The market areas used in this schedule are those areas numerically designated and geographically described in the document entitled, "Consuming Market Areas as Proposed by the Na-

tional Bituminous Coal Commission Pursuant to Section 4 of the Bituminous Coal Act of 1937" dated April 24, 1939.

Item No. 8. All coal subjected to any chemical, oil or wax process for allaying dust shall be priced at not less than 15 cents per net ton above the prices shown herein.

Item No. 9. An extra charge of \$2.50 per car must be made when more than one size of coal is shipped in the same railroad car.

Item No. 10a. Any producer mine located in subdistrict No. 1 with a contemporaneous through haul rate to any destination that is higher than the through haul rate applicable to any other mine in subdistrict No. 1 to such destination may reduce the f. o. b. mine price shown herein for said producer mine in the exact amount of the differential between the actual freight rate applicable to that particular producer mine and the lowest contemporaneous freight rate of any other producer mine in subdistrict No. 1. Such reduction shall not exceed 25 cents per net ton.

Item No. 10b. Coking coal. For shipment only to destinations within the state of Alabama. Prices shown for all mines in subdistrict No. 1 are based on lowest line haul coking-in-transit or lowest line haul Furnace raw material rates, whichever properly applies. Mines having lower transportation charges must plus their mine prices the amount of their transportation advantage, measured by that line haul rate which properly

applies. Mines having higher than such base rates may absorb up to 25 cents per ton of such disadvantage. There shall be no adjustment of furnace material transportation charges to equalize with coking-in-transit transportation charges.

Item No. 11. Industrial coal. The term "Industrial Coal" as used in this schedule is coal used in industrial plants which buy and receive coal in carload quantities for their own use.

Item No. 12. Domestic coal. The term "Domestic Coal" as used in this schedule is coal other than defined as "Industrial Coal".

Item No. 13. For the mine with index No. 69 the price shown herein for size group No. 7 shall apply to 2" x 3/4" nut coal.

Item No. 14. For mines with index numbers 1 to 23 inclusive, when top size of coal applicable to size group 2 does not exceed 5" the prices shown in this schedule may be reduced 10 cents per net ton.

Item No. 15. For the mine with index number 17 the prices shown herein for size groups 5, 7 and 20 shall apply to coal with a top size not larger than 4".

Item No. 16. For the mine with index number 1 the prices shown herein for size groups 5 and 20 may be reduced 25 cents per ton when 2" x 1" nut coal is applied.

Item No. 17. Seasonal discounts. The following seasonal discounts may apply on coal when sold for domestic use only:

Mine index Nos.	Market areas in which discounts apply	Size group	Apr.	May	June	July	Aug.	Sept.	Oct.
1, 2, 3, 4, 5, 6, 7, 8, 9, 11, 12, 14, 15, 16, 17, 18, 19, 21, 22, 23.	69, 70, 71, 72, 73, 74, 117, 120, 122, 123, 124, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 212.	1	75	65	55	45	35	25	15
		2	75	65	55	45	35	25	15

Description of Size Groups—Size Groups Applicable to Alabama Rail and Truck Mines—Subdistricts 1 and 2

Size group No.	Grade	Size dimensions	
		Top size	Bottom size
1	Lump	No limit	Larger than 2"
2	Egg	Larger than 6"	No limit
	Egg	6" and larger than 3"	No limit
4	Lump	No limit	Not larger than 2"
5	Nut	3" and larger than 1 1/2"	1 1/2" and larger than 1/2"
7	Nut	3" and larger than 1 1/2"	Not larger than 1 1/2"
8	Nut	Not larger than 1 1/2"	Not larger than 1 1/2"
10	Mine run	Straight mine run; no fines removed.	Mine run, modified by the removal of any intermediate size or sizes; no fines removed.
			All resultant coals larger than 6"

Description of Size Groups—Size Groups Applicable to Alabama Rail and Truck Mines—Subdistricts 1 and 2—Con.

Size group No.	Grade	Size dimensions	
		Top size	Bottom size
11	6" x 0	All resultant coals larger than 5", but not larger than 6", no fines removed.	
12	5" x 0	All resultant coals larger than 3", but not larger than 5", no fines removed.	
13	4" x 0	All resultant coals larger than 1 1/2", but not larger than 3", no fines removed.	
14	3" x 0	All resultant coals larger than 1 1/2", but not larger than 3", no fines removed.	
15	2" x 0	All resultant coals larger than 1 1/2", but not larger than 3", no fines removed.	
16	1 1/2" x 0	All screenings 1 1/2", and smaller.	
17	Industrial ¹	All lump and double screened coals with a bottom size 1" or larger.	
18	Industrial ¹	All double screened coals with a top size not larger than 3".	

¹ See price instructions and exceptions Items Nos. 11 and 12 for definition of Industrial and Domestic coals.

1 Mines with index Nos. 1, 2, 3, 4, 6, 7, 8, 14, and 15 may reduce the prices shown above 10 cents per ton when sale is made to or through an American agent.

Prices F. O. B. Mines for Shipment to all Railroads for Locomotive Fuel Only

The following prices apply for locomotive use only. For station heating, power plants, dining cars and other uses regular steam and/or domestic schedules apply except that where slack coal by such application is higher than locomotive fuel, proper locomotive fuel price may apply to slack coal]

For all mines in sub-district No. 1—Mine index No.	For all sizes customarily furnished railroads for locomotive fuel		
	Central of Georgia*	Seaboard Air Line Railway	All other railroads not specifically shown
41, 57	243		220
55		243	220
1, 2, 3, 4, 5, 6, 7, 8, 9, 11, 12, 14, 15, 16, 17, 18, 19, 21, 22, 23, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 42, 43, 44, 45, 46, 47, 48, 49, 51, 52, 53, 54, 56, 58, 59, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78	220	220	220

* Mines with index numbers 62 and 64 may deliver locomotive fuel to the A. B. & C. Railroad over the privately owned railway of the Woodward Iron Company at the price shown above.

b Mines with index numbers 46 and 49 may deliver locomotive fuel to the Southern Railroad over the privately owned railway of the Sloss-Sheffield Steel & Iron Co. at the price shown above.

c Mines with index number 44 may reduce the price shown above when for delivery to the Illinois Central Railroad by the amount of \$10.73 per car, which amount is the contemporaneous weighing and switching charge.

d Mines with index numbers 32 and 34 may reduce the price shown above when for delivery to the Columbus and Greenville Railway by the exact amount per ton necessary to equalize actual freight division differentials with mines taking the Southern Railway group 4 freight rates.

e Prices shown for Central of Georgia and Seaboard Air Line Railways shall also apply to controlled subsidiaries whose purchases of coal are directly made by the controlling system. This includes steamship bunker coal for the Central of Georgia.

Price Instructions and Exceptions Applicable to Mines in Subdistrict No. 3

Item No. 1. The prices published herein are in cents per net ton of 2,000 pounds and apply f. o. b. transportation facilities at mines on all coal produced by code members at mines located in the district shown on the title page hereof.

Item No. 2. The prices published in this schedule are subject to the established Marketing Rules and Regulations and the rules and regulations governing distributors.

Item No. 3. All prices shown herein are for payment in United States funds.

Item No. 4. All size designations are for round hole screens. When screens having other types of openings are used and the percentage of over-size, as determined in accordance with the method of test prescribed by A.S.T.M. designation D 410-38 exceeds 5%, the price for the next higher size group classification for that mine shall apply.

Item No. 5. The prices herein established for mines shipping by railways shall be applicable to all coal shipped by conveyances other than trucks or wagons.

Item No. 6. Railway locomotive fuel prices designated on page 45 shall not be used in the sale of coal to railways other than those recognized as common carriers by the Interstate Commerce Commission or by the Canadian Railways Commission.

Item No. 7. The market areas used in this schedule are those areas numerically designated and geographically described in the document entitled, "Consuming Market Areas as Proposed by the National Bituminous Coal Commission Pursuant to Section 4 of the Bituminous Coal Act of 1937" dated April 24, 1939.

Item No. 8. All coal subjected to any chemical, oil or wax process for allaying dust shall be priced at not less than 15 cents per net ton above the prices shown herein.

Item No. 9. Any producer mine located in subdistrict No. 3 with a contemporaneous through haul rate to any destination that is higher than the through haul rate applicable to any other mine in subdistrict No. 3 to such destination, may reduce the f. o. b. mine price shown herein for said producer mine, in the exact amount of the differential between the actual freight rate applicable to that particular producer mine, and the lowest contemporaneous freight rate of any other producer mine in subdistrict No. 3. Such reduction shall not exceed 35 cents per net ton.

(This exception does not apply on shipments of coal from any mine to any destination point in market area No. 112.)

Item No. 10. Industrial coal. The term "Industrial Coal" as used in this schedule is coal used in industrial plants which buy and receive coal in carload quantities for their own use.

Item No. 11. Domestic coal. The term "Domestic Coal" as used in this schedule is coal other than defined as "Industrial Coal."

Item No. 12. All prices shown in schedule for subdistrict No. 3 mines are for unwashed coal. Washed coal from any mine in any size group shall be 10 cents per ton higher than the prices shown.

Item No. 13. Seasonal discounts. The following seasonal discounts may apply on coal when sold for domestic use only:

SCHEDULE OF PROPOSED COORDINATED MINIMUM PRICES FOR DISTRICT NO. 13

TRUCK SHIPMENTS ONLY

Identification of Subdistrict Numbers

Identification

Subdistrict No. 1. Alabama Rail Connected Mines.

Subdistrict No. 2. Alabama Truck Mines.

Subdistrict No. 3. Tennessee-Georgia Rail Connected Mines.

Subdistrict No. 4. Tennessee-Georgia Truck Mines.

PRICE INSTRUCTIONS AND EXCEPTIONS

Alabama Mines—Subdistricts 1 and 2—Truck Shipment Only

1. The schedule of prices shown herein applies f. o. b. transportation facilities at mines on all coal produced by Code Members within District No. 13.

2. All prices herein are per net ton of 2,000 lbs. f. o. b. transportation facilities at the mines unless otherwise designated.

3. All prices are subject to the effective Marketing Rules and Regulations and the Rules and Regulations governing Distributors.

4. Invoices shall be paid in full in United States currency, or funds equivalent thereto, not later than the due date.

5. All size designations are for round hole screens. When screens having other types of openings are used and the percentage of over-size, as determined in accordance with the method of test prescribed by A.S.T.M. designation D 410-38, exceeds 5%, the price for the next higher size group classification for that mine shall apply.

6. All coal subjected to any chemical, oil or wax process for allaying dust shall be priced at not less than 15¢ per net ton above the prices shown herein.

7. *Industrial coal.* The term "Industrial Coal" as used in this schedule is coal used in industrial plants which buy and receive coal in carload quantities for their own use.

8. *Domestic coal.* The term "Domestic Coal" as used in this schedule is coal other than defined as "Industrial Coal".

9. All prices in size group 10 are for unwashed coal. Run of Mine coal when washed shall be sold 10¢ per ton higher.

10. *Seasonal discounts.* The following seasonal discounts may apply on coal when sold for domestic use only:

Size group	Month				
	April	May	June	July	August
1	75	65	55	45	35
2	75	65	55	45	35
3	65	55	45	35	25
4	65	55	45	35	25
5	65	55	45	35	25
6	65	55	45	35	25
7	65	55	45	35	25
8	65	55	45	35	25
9	65	55	45	35	25
10	65	55	45	35	25
11	65	55	45	35	25
12	65	55	45	35	25
13	65	55	45	35	25
14	65	55	45	35	25
15	65	55	45	35	25
16	65	55	45	35	25
17	65	55	45	35	25
18	65	55	45	35	25
19	65	55	45	35	25
20	65	55	45	35	25

11. Not less than the actual cost of transporting coal from the ordinary loading facilities at the mines to any consumer shall be added to the established minimum price f. o. b. transportation facilities at the mine.

PRICE INSTRUCTIONS AND EXCEPTIONS

Tennessee-Georgia Mines—Sub-Districts 3 and 4—Truck Shipment Only

- The schedule of prices shown herein applies f. o. b. transportation facilities at mines on all coal produced by Code Members within District No. 13.
- All prices herein are per net ton of 2,000 lbs. f. o. b. transportation facilities at the mines unless otherwise designated.
- All prices are subject to the effective Marketing Rules and Regulations and the Rules and Regulations governing Distributors.
- Invoices shall be paid in full in United States currency, or funds equivalent thereto, not later than the due date.
- All size designations are for round hole screens. When screens having other types of openings are used and the percentage of over-size, as determined in accordance with the method of test prescribed by A.S.T.M. designation D 410-38, exceeds 5%, the price for the next higher size group classification for that mine shall apply.

6. All prices herein are for unwashed coal. Washed coal of any size shall be sold 10¢ per ton higher.

7. All coal subjected to any chemical, oil or wax process for allaying dust shall be priced at not less than 15¢ per net ton above the prices shown herein.

8. *Industrial coal.* The term "Industrial Coal" as used in this schedule is coal used in industrial plants which buy and receive coal in carload quantities for their own use.

9. *Domestic coal.* The term "Domestic Coal" as used in this schedule is coal other than defined as "Industrial Coal."

10. *Seasonal discounts.* The following seasonal discounts may apply on coal when sold for domestic use only:

Size group No.	Grade	Size dimensions	
		Top size	Bottom size
1	Lump	No limit	Larger than 2"
3	Egg	Larger than 5"	No limit
4	Egg	5" and larger than 2"	2" and larger than 1"
6	Lump	No limit	2" and smaller
8	Nut	2" and larger than 1 1/2"	1" and larger than 3/4"
9	Stoker	1 1/2" and larger than 3/4"	3/4" and smaller

11. Not less than the actual cost of transporting coal from the ordinary loading facilities at the mines to any consumer shall be added to the established minimum price f. o. b. transportation facilities at the mine.

The cost of such transportation is subject to review by the Commission on complaint or upon its own motion. In every case reviewed by the Commission the Code Member shall have the burden of establishing or proving that the cost so charged was not less than the actual cost of transportation.

Size Groups Applicable to Tennessee and Georgia Mines Shipping by Truck—Sub-Districts Nos. 3 and 4

Size group No.	Grade	Size dimensions

SCHEDULE OF PROPOSED COORDINATED MINIMUM PRICES FOR DISTRICT NO. 13

at mines on all coal produced by Code Members within District No. 13. (Van Buren, Warren and McMinn Counties, Tennessee).

VAN BUREN, WARREN AND MCMINN COUNTIES, TENNESSEE IN MINIMUM PRICE AREA NO. 1—TRUCK SHIPMENTS ONLY

Price Instructions and Exceptions

1. The schedule of prices shown herein applies f. o. b. transportation facilities

4. Invoices shall be paid in full in higher size group classification for that United States currency, or funds equivalent thereto, not later than the due date.

6. All prices herein are for unwashed coal. Washed coal of any size shall be sold 10¢ per ton higher.

7. All coal subjected to any chemical, oil or wax process for allaying dust shall be priced at not less than 15¢ per net ton above the prices shown herein.

8. Not less than the actual cost of transporting coal from the ordinary load-

38, exceeds 5%, the price for the next transporting coal from the ordinary load-

ing facilities at the mines to any consumer shall be added to the established minimum price f. o. b. transportation facilities at the mine.

The cost of such transportation is subject to review by the Commission on

complaint or upon its own motion. In every case reviewed by the Commission the Code Member shall have the burden of establishing or proving that the cost so charged was not less than the actual cost of transportation.

Prices in Cents per Ton for Shipment Into All Market Areas

Size Groups

Description

Size Group No. 1. Screened coal—bottom size 2" or larger.

Size Group No. 2. Double screened coal—maximum top size 5", maximum bottom size 2".

Size Group No. 3. Double screened coal—maximum top size 2", maximum bottom size 1".

Size Group No. 4. Straight mine run.

Size Group No. 5. Resultant 2 x 0".

Size Group No. 6. Resultant 1 x 0".

SCHEDULE OF PROPOSED COORDINATED MINIMUM PRICES FOR DISTRICT NO. 14

PRICE INSTRUCTIONS AND EXCEPTIONS

1. The prices shown herein apply f. o. b. transportation facilities at mines for all coal produced by Code Members in the District shown on the title page hereof.

2. All prices are subject to the Marketing Rules and Regulations issued by the National Bituminous Coal Commission.

3. All size designations herein are for round hole screens, or their equivalents, except when otherwise designated. When other types of screens are used, the District Board, subject to the approval of the Commission, shall determine the actual size designation of coal so prepared.

4. All prices herein are in cents per net ton of 2,000 lbs. f. o. b. transportation facilities at the mines.

5. When coal is loaded in Box cars the following amounts shall be added to the minimum f. o. b. mine price:

Sub-District 1—15 cents; Sub-Districts 2, 3, 4, 5, 6, 7, 8 and 9—25 cents.

6. A minimum charge of 10 cents per ton on all sizes of coals shall be added for oil or other similarly treated coal.

7. The description of the Market Areas listed herein are the same as those described in the "Consuming Market Areas Schedule".

8. When smithing coal is sacked, \$1.50 per net ton shall be added to the minimum f. o. b. mine price.

SIZE GROUPS

Sizes Included

Size group No. 1. Lump—Solid Shot Coal, screened over bars spaced 1½" apart.

Size group No. 2. Lump—Solid Shot Coal, screened over bars spaced ¾" apart.

Size group No. 3. Lump—Solid Shot Coal, screened over perforated plates with round holes 2½" or smaller.

Size group No. 4. Lump—Machine Cut Coal, screened over perforated plates with round holes 2½" and larger.

Size group No. 5. Lump—Machine Cut Coal, screened over perforated plates with round holes under 2½" in diameter.

Size group No. 6. Grate—Includes all sizes of coal having a top size of 7½" and a bottom size of 5½".

Size group No. 7. Furnace—Includes all sizes of coal having a maximum top size of 12" and a maximum bottom size of 4".

Size group No. 8. Egg—Includes all sizes of coal having a maximum top size of 6" and a maximum bottom size of 2½".

Size group No. 9. Small Egg—Includes all sizes of coal having a maximum top size of 4" and a maximum bottom size of 2".

Size group No. 10. Stove—Includes all sizes of coal having a maximum top size of 3" and a maximum bottom size of 1½".

Size group No. 11. Nut—Includes all sizes of coal having a maximum top size of 2½" and a maximum bottom size of 1½".

Size group No. 12. Range—Includes all sizes of coal having a maximum top size of 2½" and a maximum bottom size of ¾".

Size group No. 13. Chestnut—Includes all sizes of coal having a maximum top size of 1½" and a maximum bottom size of ¾".

Size group No. 14. Nutrun—Includes all sizes of coal having a maximum top size of 2½", with no coal removed.

Size group No. 15. Slack—Includes all sizes of coal having a maximum top size of 1¼", with no coal removed.

Size group No. 16. Slack—Includes all sizes of coal having a maximum top size of ¾", with no coal removed.

Size group No. 17. Pea—Includes all sizes of coal having a maximum top size of 1¼" and a maximum bottom size of ¾".

Size group No. 18. Minerun—Includes all coal as it comes from the mine with no part of the small coal removed.

Size group No. 19. Dead Coal—Coal used by smelters for Ore reduction.

Size group No. 20. Smithing Coal—Coal used for blacksmithing.

Size group No. 21. Railroad Locomotive fuel—any size prepared coal—single or double screened—or straight mine run.

Size group No. 22. Railroad locomotive fuel with all coal over 6" round hole removed.

Size group No. 23. Railroad locomotive fuel with all coal over 2½" round hole removed.

When any size of coal is sold, in which the maximum top or bottom size exceeds the sizes scheduled above then such coal must be included in the next higher priced size group and priced accordingly.

IDENTIFICATION OF SUBDISTRICTS

Identification

Subdistrict No. 1. Includes all mines in Pope County, all mines in the "Spadra field" of Johnson County, Arkansas.

Subdistrict No. 2. Includes all mines in the Denning-Coal Hill and Altus fields of Franklin and Johnson Counties, and all mines in the Philpott field of Johnson and Franklin Counties, Arkansas.

Subdistrict No. 3. Includes all mines in the "Paris Field" of Logan County, Arkansas, and mines in Franklin County located in Paris Basin.

Subdistrict No. 4. Includes all mines in the "Charleston Field" in Franklin County, Arkansas.

Subdistrict No. 5. Includes all mines in Sebastian County, Arkansas.

Subdistrict No. 6. Includes all mines in the "Panama Field" of Leflore County, Oklahoma.

Subdistrict No. 7. Includes mines in the "Bokoshe and Milton Field" of Leflore County, Oklahoma, mines in the McCurtain field of Haskell County and all mines in Sequoyah County, Oklahoma.

Subdistrict No. 8. Includes all mines in the "Poteau-Wister field" in Leflore County, Oklahoma.

Subdistrict No. 9. Includes all mines in the "Howe-Heavener field" of Leflore County, Oklahoma, and all mines in the "Bates field" in Scott County, Arkansas.

Subdistrict No. 10. Includes all mines in the "Stigler-Kanima field" in Haskell County, Oklahoma.

Subdistrict No. 11. Includes all mines in the "Scranton field" of Logan County, Arkansas.

**SCHEDULE OF PROPOSED COORDINATED MIN-
IMUM PRICES FOR DISTRICT NO. 15**

**FOR ALL SHIPMENTS EXCEPT TRUCK
Price Instructions and Exceptions
(For Shipment by Railroad)**

Item No. 1. All prices shown herein are in cents per net ton of 2,000 pounds and apply f. o. b. transportation facilities at mines.

Item No. 2. This Price Schedule is divided into three parts, namely:

Part I—Domestic and Commercial Use and Industrial Use.

(a) Prices shown for Domestic and Commercial Use apply (1) on all sales in retailing of coal. (2) On all sales of coal to consumers using coal principally for space heating. (3) On all other sales except Industrial Use and as provided for in Part II Special Purpose Use and Part III Railroad Locomotive Fuel Use.

(b) Prices in the Industrial Use Schedule apply only where sale is made by the Producer Code Member, his authorized agent, or a registered wholesaler or jobber and where the coal moves direct from the mine of the producer to the consumer using the fuel principally for (1) the purpose of driving steam engines or turbines. (2) The purpose of manufacturing or processing if fuel is required each day of the year products of the consumer are produced.

Part II—Special Purpose Coal Use. The prices shown in Part II apply to all coal produced in what is known as the Briartown District in Oklahoma.

Part III—Railroad Locomotive Use Schedule. Prices apply on coal sold to railroads for locomotive fuel use only.

Item No. 3. All prices are subject to the effective Market Rules and Regulations and the Rules and Regulations governing distributors.

Item No. 4. All size designations are for round hole screens. When screens having other types of openings are used and the percentage of over-size, as determined in accordance with the method of test prescribed by A.S.T.M. designation D-410-38, exceeds 5% the price for the next higher Size Group Classification for that mine shall apply.

Item No. 5. In the sale of coal to destined points outside the boundary of the United States, prices stipulated herein are for payment in United States funds.

Item No. 6. All lump or double screened coal subjected to any chemical, oil or wax process for allaying dust shall be priced at not less than 10 cents per net ton above the prices shown herein.

Item No. 7. The Market Areas used in this schedule are those areas numerically

designated and geographically described in the document entitled, "Consuming Market Areas as Proposed by the National Bituminous Coal Commission pursuant to Section 4 of the Bituminous Coal Act of 1937", dated April 24, 1939.

Item No. 8. The f. o. b. mine price on shelly, off-grade coal may be reduced a maximum of 15 cents per ton on sizes one to seven, inclusive, when due notice is given by a Code Member to the Statistical Bureau of the National Bituminous Coal Commission that he has such coal to dispose of and the coal is inspected and so classified by an authorized representative of the Commission.

Item No. 9. (a) In order to maintain delivered differentials with the base Producing Group sizes and sizes moving from other Producing Groups in competition with the base group size, the prices as set forth in the Schedule may be reduced in such a manner as necessary to preserve the delivered differentials, transportation charges considered, as reflected in the Schedule showing delivered differentials that may be maintained with base group coals by reducing prices published herein. See Page 33.

(b) Base Production Group coals are indicated in the following Price Schedule in each and every market area.

(c) All delivered differentials established in the Schedule are based upon "A" grade coals from the various Producing Groups.

(d) To destinations where Production Group No. 1 is the base unwashed "A" grade coal is to be considered the base coal.

(e) All permitted delivered differentials except as otherwise provided for shall be based upon the lowest freight group rate as published in the current effective railroad tariffs:

Exceptions. (1) To destinations in the State of Missouri delivered differentials may be based using the lowest mileage rate from an individual active mine actually shipping coal by rail.

(2) Where truck and gas compelled rates are in effect from mines within a Production Group, other mines within such group may reduce their prices in such a manner as to effect an equal delivered cost with the rail shipping mines.

(3) Where mines in a Production Group are located in more than one freight rate group as published in the current effective railroad tariffs, all mines within the Production Group may reduce their prices in such a manner as to effect an equal delivered cost with the mines in the rate group having the lowest published rate.

Item No. 10. Price Classification: A, List; B, Minus 0.05; C, Minus 0.10.

Item No. 11. Railway Locomotive Fuel prices designated shall not be used in the sale of coal to railways other than those recognized as common carriers by the Interstate Commerce Commission or by the Canadian Railways Commission.

Size Groups

Size group No. 1. Fancy Lump—Coal passing over a screen with round hole openings larger than 3".

Size group No. 2. Lump—Coal passing over a screen with round hole openings of 1/2" to 3", inclusive.

Size group No. 3. Furnace or Egg—Coal passing through a screen with round hole openings not over 10" and over a screen with round hole openings of not less than 1 1/2".

Size group No. 4. Egg—Nut—Coal passing through a screen with round hole openings not over 10" and over a screen with round hole openings not over 1 1/4".

Size group No. 5. Fancy Nut—Coal passing through a screen with round hole openings not over 3" and over a screen with round hole openings not over 2".

Size group No. 6. Standard Nut—Coal passing through a screen with round hole openings not over 3" and over a screen with round hole openings not over 1 1/4".

Size group No. 7. No. 2 Nut—Coal passing through a screen with round hole openings not over 2" and over a screen with round hole openings not over 1 1/4".

Size group No. 8. Chestnut—Coal passing through a screen with round hole openings not over 1 1/4" and over a screen with round hole openings of not over 1".

Size group No. 9. Mine Run—Coal shoveled at the face from which no coal has been removed either at the face, preparation plant, or when loading into transportation facilities, and shall contain not less than 30% screenings that will pass through an 1 1/4" round hole screen. Run of mine containing less than 30% screenings that will pass through an 1 1/4" round hole screen shall be classified as Lump coal and sold at not less than the Lump coal price.

Size group No. 10. Nut Run—Coal passing through not larger than a 3" round hole screen or its equivalent, from which no coal has been removed, and it shall contain not less than 50% screenings that will pass through an 1 1/4" round hole screen. Nut Run containing less than 50% screenings that will pass through an 1 1/4" round hole screen shall be classified as 3" Nut coal and sold at no less than the price applying on Standard Nut.

Size group No. 11. Special Stoker—Coal passing through a screen with round hole openings not over 1 1/4" and over a screen with round hole openings not over 3/8".

Size group No. 12. Raw Prepared Screenings—Coal dry-cleaned passing through a screen with round hole openings not over 1 1/4" and over a screen with round hole openings not over 1/4".

Size group No. 13. Washed Screenings—1 1/4" x 0—Washed coal passing through a screen with round hole open-

A—May be adjusted to deliver 10% over the delivered price of Size 14, provided the maximum addition shall not exceed 35 cents.

B—May be adjusted to deliver 20 cents over the delivered price of Size 13.

To destinations in this Market Area
"A" Grade coals from the Production
Group having the lowest freight rate
establish the base.
Minimum prices f. o. b. mines in cents
per ton of 2,000 lbs. for coal loaded into
railroad cars and shipped by rail to Mar-
ket Areas Nos. 200, 201, 202, and 203—
South Dakota and part of No. Dakota.
Following prices on Sizes 1 to 10, in-
clusive, from Production Group No. 1 are
for unwashed coals. When washed add
15¢ per ton.

To destinations in this Market Area,
Production Group No. 1 unwashed "A"
Grade coals establish base, except as
follows:

1. Where freight rate from Production
Group No. 1 is more than 20¢ higher
than the freight rate from Beaver or
Huntsville in Production Group No. 3 on
sizes 1, 2, 3, 4, 7, 8, and 10, Production
Group No. 3 sets the base on these sizes.
2. Where freight rate from Production
Group No. 1 is more than 50¢ higher
than the freight rate from Beaver or
Huntsville in Production Group No. 3 on
sizes 5 and 6, Production Group No. 3
sets the base on these sizes.

To destinations in this Market Area—
Production Group No. 1 unwashed "A"
Grade coals establish the base except to
destinations within the Market Area
where Production Group No. 2 active rail
shipping mines have intrastate mileage
rates less than the published and effec-
tive Group rates. To such destinations
within the Market Area, Production
Group No. 2 establishes base.

Minimum prices f. o. b. mines in cents
per ton of 2,000 lbs. for coal loaded into
railroad cars and shipped by rail to des-
tinations in Market Areas Nos. 154, 155,
156, and 157—Arkansas.
Following prices on Sizes 1 to 10, in-
clusive, from Production Group No. 1 are
for unwashed coals. When washed add
15 cents per ton.

Explanation of freight origin groups:

A—Kirkville-Novinger.

B—Bevier-Macon.

C—Huntsville-Moberly.

D—Rich Hill-Clinton.

E—Pittsburg, Kansas.

Explanation of notes:

1 No through rate published in Current Tariffs.

2 Mines on M. K. & T. - 20.

3 Mines on M. K. & T. - 21.

4 Mines on M. K. & T. - 22.

5 Size groups 1, 2, 3, 4, and 9 - 42.

6 No through rate published in Current Tariffs from mines on M. K. & T.

7 Size groups 1, 2, 3, 4, and 9 - 36.

8 Mines on M. K. & T. - 56.

9 Mines on M. K. & T. - 18.

10 Not on R. R. - Rates based on Barney, Iowa.

11 Size groups 1, 2, 3, 4, and 9 - 99.

12 Mines on K. C. S. M. K. & T. and Mo. Pac. +02.

13 Coal for industrial uses - 16.

14 Coal for industrial uses +09.

The above prices are based on the lowest freight origin group rate from production group No. 3. All other mines in production group No. 3 may adjust f. o. b. mine prices to deliver equal with mines in base freight origin group.

Mines in production groups No. 1 and No. 2 may adjust f. o. b. mine price to maintain approved delivered differential with production group No. 3. (See table entitled "Schedule Showing Delivered Differentials That May Be Maintained With Base Group Coals By Reducing Schedule Prices Published Herein.")

SCHEDULE OF PROPOSED COORDINATED MINIMUM PRICES FOR DISTRICT NO. 15

TRUCK SHIPMENTS ONLY

Price Instructions and Exceptions

Item No. 1. The schedule of prices shown herein applies f. o. b. transportation facilities at mines on all coal shipped by Code Members in the District shown on the title page hereof.

Item No. 2. All prices are subject to the Marketing Rules and Regulations issued by the National Bituminous Coal Commission.

Item No. 3. All size designations herein are for round hole screens, or their equivalent. When other types of screens are used, the District Board shall determine the actual size designation of the coal so prepared, with the approval of the Coal Commission.

Item No. 4. All prices herein are in cents per net ton of 2,000 pounds f. o. b. facilities at the mine.

Item No. 5. When any size of coal is sold, in which the maximum top or bottom size exceeds the sizes scheduled, then such coal must be included in the next higher priced size group and priced accordingly.

Item No. 6. In the sale of coal to destined points outside the boundary of the United States, prices stipulated herein are for payment in United States funds.

Item No. 7. When coal is subjected to any chemical, oil or waxing process or otherwise specially treated, an additional charge of not less than 10 cents per ton shall be made.

Item No. 8. The substitution on any order of a grade or size of coal taken a minimum price higher than the grade or size ordered is not authorized or permitted.

Item No. 9. Prices shown herein for sizes numbers 1 to 10 inclusive from production group No. 1 are for unwashed coal. When these sizes are washed 15¢ per ton shall be added to the prices indicated.

Size Groups

Size group No. 1. Fancy Lump—Coal passing over a screen with round hole openings larger than 3".

Size group No. 2. Lump—Coal passing over a screen with round hole openings of $\frac{1}{2}$ " to 3", inclusive.

Size group No. 3. Furnace or Egg—Coal passing through a screen with round hole openings not over 10" and over a screen with round hole openings of not less than $1\frac{1}{2}$ ".

Size group No. 4. Egg-Nut—Coal passing through a screen with round hole openings not over 10" and over a screen with round hole openings not over $1\frac{1}{4}$ ".

Size group No. 5. Fancy Nut—Coal passing through a screen with round hole openings not over 3" and over a screen with round hole openings not over 2".

Size group No. 6. Standard Nut—Coal passing through a screen with round hole openings not over 3" and over a screen with round hole openings not over $1\frac{1}{4}$ ".

Size group No. 7. No. 2 Nut—Coal passing through a screen with round hole openings not over 2" and over a screen with round hole openings not over $1\frac{1}{4}$ ".

Size group No. 8. Chestnut—Coal passing through a screen with round hole openings not over $1\frac{1}{4}$ " and over a screen with round hole openings of not over 1".

Size group No. 9. Mine Run—Coal shoveled at the face from which no coal has been removed either at the face, preparation plant, or when loading into transportation facilities, and shall contain not less than 30% screenings that will pass through an $1\frac{1}{4}$ " round hole screen. Run of mine containing less than 30% screenings that will pass through an $1\frac{1}{4}$ " round hole screen shall be classified as lump coal and sold at not less than the Lump coal price.

Size group No. 10. Nut Run—Coal passing through not larger than a 3" round hole screen or its equivalent, from which no coal has been removed, and it shall contain not less than 50% screenings that will pass through an $1\frac{1}{4}$ " round hole screen. Nut Run containing less than 50% screenings that will pass through an $1\frac{1}{4}$ " round hole screen shall be classified as 3" Nut coal and sold at no less than the price applying on Standard Nut.

Size group No. 11. Special Stoker—Coal passing through a screen with round hole openings not over $1\frac{1}{4}$ " and over a screen with round hole openings not over $\frac{3}{8}$ ".

Size group No. 12. Raw Prepared Screenings—Coal dry-cleaned passing through a screen with round hole openings not over $1\frac{1}{4}$ " and over a screen with round hole openings not over $\frac{1}{4}$ ".

Size group No. 13. Washed Screenings— $1\frac{1}{4}$ " x 0—Washed coal passing through a screen with round hole openings not over $1\frac{1}{4}$ " from which no coal has been removed.

Size group No. 14. Screenings— $1\frac{1}{4}$ " x 0—Coal passing through a screen with round hole openings not over $1\frac{1}{4}$ " from which no coal has been removed.

Size group No. 15. Raw Dust— $\frac{1}{4}$ " x 0—Coal that has not been washed passing through a screen with round hole openings not over $\frac{1}{4}$ " from which no coal has been removed.

Identification of Production Groups

Group No. 1. All mines located in Cherokee, Crawford, Bourbon, Neosho, Labette and Wilson Counties, Kansas; and Barton, Jasper, Dade, Cedar, and that portion of Vernon County lying south of an east and west line drawn through the town of Nevada, Missouri.

Group No. 2. All mines located in Linn County, Kansas; and Bates, Henry, St. Clair, Morgan, Pettis and Johnson Counties; and that portion of Vernon County lying north of an east and west line drawn through the town of Nevada in Missouri.

Group No. 3. All mines located in Boone, Callaway, Audrain, Randolph, Macon, Linn, Grundy, Harrison, Adair, Chariton, Schuyler, Putnam, Cole, Howard, Monroe, Warren, and Ralls Counties in Missouri.

Group No. 4. All mines located in Ray, Clay, Caldwell, Daviess, Clinton, and Carroll Counties in Missouri.

Group No. 5. All mines located in Lafayette County, Missouri.

Group No. 6. All mines located in Osage, Franklin, Lyon, and Coffey Counties, Kansas.

Group No. 7. All mines operating on the genuine McAlester seam in Pittsburg and Latimer Counties, Oklahoma.

Group No. 8. All mines operating on the Wilburton-Hartshorne seams in Pittsburg and Latimer Counties, Oklahoma.

Group No. 9. All mines located in Coal County, Oklahoma.

Group No. 10. All mines located in Okmulgee County, Oklahoma.

Group No. 11. All mines located in Tulsa, Wagoner, Rogers, and Craig Counties, Oklahoma.

Group No. 12. All mines located in Muskogee County, Oklahoma.

Group No. 13. All mines located in Johnson, Leavenworth, and Wyandotte Counties, Kansas.

DEPARTMENT OF AGRICULTURE.

Division of Marketing and Marketing Agreements.

[Docket No. A-105—O-105]

NOTICE OF PUBLIC HEARING ON PROPOSED MARKETING AGREEMENT AND ORDER REGULATING HANDLING OF MILK IN AREA COMPRISED OF THE CITIES OF DAVENPORT AND BETTENDORF, IOWA, AND ROCK ISLAND, MOLINE, EAST MOLINE, AND SILVIS, ILLINOIS, AND THE FOLLOWING TOWNSHIPS: DAVENPORT, ROCKINGHAM, AND PLEASANT VALLEY IN SCOTT COUNTY, IOWA, AND SOUTH MOLINE, MOLINE, BLACKHAWK, COAL VALLEY, HAMPTON, AND SOUTH ROCK ISLAND IN ROCK ISLAND COUNTY, ILLINOIS, WHICH AREA IS KNOWN AS THE QUAD CITIES MARKETING AREA, SUCH HEARING TO BE HELD PURSUANT TO THE PROVISIONS OF THE AGRICULTURAL MARKETING AGREEMENT ACT OF 1937

Whereas the Illinois-Iowa Milk Producers Association and the Quality Milk Association, jointly, have requested the Secretary of Agriculture to hold a public hearing on a marketing agreement and order prepared and proposed by such organizations and designed to regulate such handling of milk in the area comprised of the cities of Davenport and Bettendorf, Iowa, and Rock Island, Moline, East Moline and Silvis, Illinois, and the following townships: Davenport, Rockingham, and Pleasant Valley in Scott County, Iowa, and South Moline, Moline, Blackhawk, Coal Valley, Hampton, and South Rock Island in Rock Island County, Illinois (which area is known and hereinafter referred to as the Quad Cities marketing area) as is in the current of interstate commerce or which directly burdens, obstructs, or affects interstate commerce; and

Whereas the Secretary of Agriculture has reason to believe that the execution of a marketing agreement or the issuance of an order will tend to effectuate the declared policy of Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, with respect to such handling of milk in the Quad Cities marketing area as is in the current of interstate commerce or which directly burdens, obstructs or affects interstate commerce; and

Whereas under said act notice of and opportunity for a hearing are required prior to the execution of a marketing agreement or the issuance of an order, and the General Regulations, Series A, No. 1, as amended, of the Agricultural Adjustment Administration, United States Department of Agriculture, provide for such notice;

Now, therefore, pursuant to said act and said general regulations, notice is hereby given of a public hearing to be held at Rock Island, Illinois, on August 2, 1939, in Room 360 Post Office Build-

ing, at 10:00 a. m., c. s. t., on the aforementioned marketing agreement and order, prepared and proposed by the aforementioned organizations and designed to regulate such handling of milk in the Quad Cities marketing area as is in the current of interstate commerce or which directly burdens, obstructs, or affects interstate commerce.

At this public hearing, representatives of the Secretary will receive factual evidence (1) as to whether or not any marketing agreement or order should be issued regulating the handling of milk in such area, and (2) as to the specific provisions which a marketing agreement or order should contain.

The proposed marketing agreement and proposed order provide, among other things, for: (a) selection of a market administrator and definition of his powers and duties, (b) classification of milk, (c) minimum prices, (d) reports of handlers, (e) optional methods of excluding milk produced and sold by handlers who are also producers, (f) payments to producers through the use of a market-wide pool, (g) a base rating plan, and (h) expenses of administration.

Copies of the proposed marketing agreement and proposed order may be obtained from the Hearing Clerk, Office of the Solicitor, United States Department of Agriculture, in Room 0310 South Building, or may be there inspected.

[SEAL] HARRY L. BROWN,
Acting Secretary of Agriculture.

Dated: July 14, 1939.

Wage and Hour Division.

NOTICE OF CHANGE IN DATE OF HEARING ON PETITIONS FOR REVIEW OF FINDINGS AND DETERMINATION BY THE PRESIDING OFFICER ON APPLICATIONS FOR PERMIS- SION TO EMPLOY LEARNERS IN THE AP- PARREL INDUSTRY

By notice published July 1, 1939, a public hearing was scheduled to be held July 18, 1939, before Paul Sifton, Deputy Administrator, on petitions for review of the findings and determination of the presiding officer on applications for permission to employ learners in the apparel industry.

Notice is hereby given that said hearing will commence at 10 o'clock on July 31, 1939, at the Raleigh Hotel, 12th and Pennsylvania Avenue NW., Washington, D. C.

Any person interested in appearing, either in support of or in opposition to the matters prayed for in the petition for review, may appear on his own behalf or on the behalf of any other person, provided that he shall file with the Administrator, at his office in Washington, prior to noon on July 27, 1939, a

Notice of Intention To Appear, which shall contain the following information:

(1) The name and address of the person appearing.

(2) If he is appearing in a representative capacity, the name and address of the person or persons whom he is representing.

(3) Whether he is appearing in support of or in opposition to any petition for review.

(4) The approximate length of time which his presentation will consume.

(5) Scope of appearance; i. e., for which branch of the apparel industry appearance will be made.

The previous notice of hearing mentioned above and published July 1, 1939 (4 F.R. 2743 DI), is hereby incorporated by reference in this notice, subject only to the changes stated herein.

Signed at Washington, D. C., this 14th day of July 1939.

ELMER F. ANDREWS,
Administrator.

SECURITIES AND EXCHANGE COM- MISSION.

United States of America—Before the Securities and Exchange Commission

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 12th day of July, A. D. 1939.

[File No. 43-222]

IN THE MATTER OF SAN ANTONIO PUBLIC SERVICE COMPANY

ORDER PERMITTING DECLARATIONS TO BE- COME EFFECTIVE IN REGARD TO PREFERRED STOCK

San Antonio Public Service Company, a subsidiary of American Light & Traction Company, a registered holding company, having filed a declaration and amendments thereto pursuant to Section 7 of the Public Utility Holding Company Act of 1935 in regard to the issue and sale of 45,000 shares of 6% Cumulative Preferred Stock having a par value of \$100 per share and a declaration in regard to any change in rights of its outstanding Common Stock caused by the issuance of the Preferred Stock above mentioned;

A hearing on such matter having been held¹ after appropriate notice; the declarant having waived the right to have submitted to it a report by the Trial Examiner; to have submitted to it proposed findings of fact by the Commission; to file a brief and to oral argument before the Commission prior to the making of findings of fact and the entry of

¹ 4 F.R. 2506 DI.

an order by the Commission; the record in this matter having been examined; and the Commission having made and filed its findings;

It is ordered, That the declarations in regard to the issue and sale of the aforesaid 6% Preferred Stock by San Antonio Public Service Company and the consequent change in rights in the outstanding Common Stock in accordance with the terms and conditions set forth in, and for the purposes represented by said amended declarations, be, and the same hereby are, permitted to become effective, subject, however, to the following conditions:

(a) That until further order of the Commission, so long as any shares of 6% Preferred Stock are outstanding, the declarant shall not pay any dividends on or make any other distribution to the holders of shares of its Common Stock if after giving effect to such payment or distribution the capital of the declarant represented by its Common Stock together with its surplus, as then stated on its books of account, shall in the aggregate be less than \$5,810,000. This condition shall become inoperative and of no effect if the Commission shall at any time hereafter adopt or enter a rule, regulation or order under Section 12 (c) of the Act or otherwise (other than Rule U-12C-2 as now in effect), which shall be applicable to the declarant, limiting the right of companies to pay dividends on their common stock with reference to maintaining an equity junior to outstanding preferred or preference stocks. The Commission reserves jurisdiction to revoke or modify this condition at any time on its own motion or upon application of the declarant;

(b) That the issue and sale of the 6% Preferred Stock shall be accomplished in compliance with the terms and conditions of, and for the purposes represented in said declaration as amended; and

(c) That within ten days after the issue and sale of the 6% Preferred Stock, the declarant shall file with this Commission a certificate of notification showing that such issue and sale have been effected in accordance with the terms and conditions and for the purposes represented by said declaration as amended.

By the Commission.

[SEAL] FRANCIS P. BRASSOR,
Secretary.

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 13th day of July, A. D. 1939.

[File No. 46-159]

IN THE MATTER OF THE MIDDLE WEST
CORPORATION AND CENTRAL AND SOUTH
WEST UTILITIES COMPANY

NOTICE OF AND ORDER FOR HEARING

An application pursuant to section 10 (a) (1) of the Public Utility Holding Company Act of 1935, having been duly filed with this Commission by the above-named parties;

It is ordered, That a hearing on such matter be held on August 4, 1939, at 10 o'clock in the forenoon of that day, at the Securities and Exchange Building, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing-room clerk in room 1102 will advise as to the room where such hearing will be held. At such hearing, if in

respect of any declaration, cause shall be shown why such declaration shall become effective.

It is further ordered, That Willis E. Monty, or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice to continue or postpone said hearing from time to time.

Notice of such hearing is hereby given to such declarant or applicant and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person

desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Commission on or before July 31, 1939.

The matter concerned herewith is in regard to acquisition by the applicants of certain notes of Port Isabel Corporation, Port Isabel Realty Company, Port Isabel Irrigation Company and Port Isabel Channel, Dock and Wharf Company, in exchange for notes previously executed by said companies and acquisition by the applicants of certain other notes of the same companies representing extensions of previously executed notes.

By the Commission.

[SEAL]

FRANCIS P. BRASSOR,
Secretary.
